Seeking Veterinary Technician

After-hours emergency animal hospital is currently seeking dedicated and motivated veterinary technician for PT or relief positions. Candidates should be Certified Veterinary Technicians or possess at least 2 years of technician experience. We are centrally located in Pinellas County, only minutes off I-275. We strive to provide exceptional, compassionate veterinary care to all of our patients and treat every patient as if they are our own. We encourage our team of technicians to utilize their skills and training to the fullest in a fast-paced, positive, and rewarding environment, while fostering personal and educational growth. Ideal candidates should be compassionate, enthusiastic, possess excellent communication skills, demonstrate a willingness to learn new skills, and maintain a positive attitude. Candidate must be flexible to work weekends, overnights, and occasional holidays.

Duties for this position include: triage, setting up and interpreting laboratory tests, radiography, anesthesia monitoring, IV catheter placement, venipuncture, client communication & education, basic computer skills. Knowledge of Intravet software is a plus.

Benefits for PT team members include:

- Highly Competitive Wage (including shift differentials)
- Holiday Pay
- Flexible Scheduling
- Uniform Allowance
- Personal Pet Benefits
- Continuing Education Benefits
