

Gardens Animal Hospital –
<http://gardensanimalhospital.com/>

Opportunity to join an incredible staff in a small close knit hospital. Beautiful, clean, state of the art facility with the highest level of patient care. We offer digital dental radiographs, digital rads, in-house blood work, paperless, and cornerstone based. Pets come first as always and must be a caring, compassionate, and loving individual.

We are looking for an experienced Veterinary Technician. Four day work week and every other Saturday. Must be a quick learner and highly motivated individual.

Responsibilities include client interactions, client education, hospitalized pet care, surgical pet care and monitoring, dentals, running bloodwork, reading fecals, ear cytologies, and urine samples.

We offer paid holidays, paid vacation, health insurance and pet discounts.

Relocation bonus offered.
