

Are you a Credentialed Veterinary Technician or experienced Veterinary Assistant with a passion for specialty medicine, especially neurology? Have you always wanted to live in southwest Florida, near the Gulf of Mexico and Everglades? Are you seeking an opportunity to utilize your skill set while learning new & advanced techniques? If this describes you, **Specialists in Companion Animal Neurology (SCAN)** wants to add YOU to their growing team in Naples, FL.

About Us:

We are a specialty neurology practice whose mission is to deliver expert, life-saving care to your best friend. At SCAN, we utilize gold standard diagnostics including on-site high field MRI, digital radiography, electrodiagnostics, and spinal fluid analysis, among others. With two locations situated on the Gulf Coast of Florida, we are available 24/7 to provide you peace of mind and your pet with quality care.

What to Expect:

- **Supportive Management:** Providing a SAFE workplace for all employees and striving for open communication with all levels of employees. Staff members are a gift, and we treat them as such! We want to provide you with more than a job.
- **Compassion:** From the caring management all the way to our patients, we want everyone to feel heard, encouraged, supported, and valued.

Life in Naples:

- **Beautiful Beaches:** Begin or end your days with a walk on our white sand beaches! If you love outdoor activities, Florida boasts 175 award-winning state parks, trails, and historic sites. With more than two hundred days of sunshine there is something to do every season. Live, work, and play in paradise!
- **No state income tax!**

About You:

You are a skilled Veterinary Technician who is competent and confident, you are excited to advance your skills and grow your knowledge base. You are proficient in venipuncture, veterinary pharmacology, make accurate drug calculations, and provide meticulous, nursing care to your patients. Previous MRI and ezyVet practice management experiences are a plus. You enjoy interacting and communicating with clients as well as their furry family members.

Anticipated Schedule: We are hiring for 8-, 9-, 10-, and 12-hour shifts. Daytime and overnight shifts are available. Participation in the on-call rotation provides additional and bonus compensation.

We are closed most major holidays.

Benefits:

- Night Shift Differential
- Substantial On-Call Pay
- CE Allowance
- Generous Uniform Allowance
- Paid Time Off
- Paid Holidays
- Employee Pet Discount
- 401k
- Medical/Dental/Vision
- Disability Insurance
- Life Insurance
- Tuition Reimbursement/Assistance
- Team building and staff incentives

We are a compassionate team dedicated to the wellness of our patients as well as each other. We invite you to join us!
