

**Title:** *University of Florida Veterinary Hospitals Technician Career Opportunities*

**Description:** *The University of Florida Veterinary Hospitals are comprised of the [Large Animal Hospital](#) (UF LAH), [Small Animal Hospital](#) (UF SAH), [Veterinary Pharmacy](#), and [Veterinary Diagnostic Laboratories](#) which are located in Gainesville, FL.*

*Also included are satellite clinics in Ocala, FL, including the currently operating [Pet Emergency Treatment Services](#) (UF PETS) and the **NEW** [Veterinary Hospitals at the World Equestrian Center](#) (WEC) opening Spring 2022.*

*We are a major veterinary referral center treating over 49,000 animals annually from all over the world. Currently the UF SAH and UF PETS are AAHA Accredited. Furthermore, the UF SAH Emergency & Critical Care service is VECCS Level I Certified, the UF PETS facility is VECCS Level III Certified, and the UF SAH Primary Care & Dentistry service is AAFP Cat Friendly Certified.*

*As we continually grow in both square footage and case load, we frequently seek technicians that are interested in growing personally and professionally in the veterinary field and even those considering a technician specialty certification. Technicians should be motivated individuals who possess the drive to succeed in a busy hospital and have an interest in working in an educational environment.*
