

Come join ACCESS Specialty Animal Hospitals in Palm Beach County! We are one of the largest, most advanced, and progressive veterinary multi-specialty referral groups in Southern Florida. We are comprised of emergency, critical care, cardiology, internal medicine, nephrology, neurology, and surgery! We have a diverse and unique mix of personalities, and are proud of what we are building. We work as a close knit team with the emphasis on providing a strong culture of teamwork and collaboration.

The right person for us will be compassionate, resilient, and will possess a passion for teamwork and a willingness to learn.

Required skills include:

- Increase efficiency of the doctor staff by providing care and support to patients, clients, and hospital staff.
- Provide excellent medical support and compassionate care for patients and clients.
- Act as a point of communication between clients and internal hospital staff regarding the status of patients in hospital

Duties and Responsibilities

- Give accurate and detailed rounds.
- Evaluate and identify lung sounds (abnormal and normal) and evaluate and identify heart murmurs on auscultation.
- Have a detailed understanding of creating and presenting estimates to owners, while also able to answer any medical related questions or concerns in an appropriate manner.
- Understand and interpret ECG parameters and common abnormalities.
- Assist with and perform basic and advanced CPR.
- Appropriately calculate and set up continuous rate infusions.
- Obtain urine samples via cystocentesis.
- Surgically prepare patients for minor surgery including proper clipping, prep and positioning.
- Correctly and safely restrain animals.
- Understand and identify bradycardic and tachycardic arrhythmias.
- Be familiar with common medications used in the hospital.
- Understand the different types of crystalloids and colloids and know when they should be used.
- Set up and maintain a buretrol with fluids and additives.
- Perform routine intravenous inductions and intubate anesthetized patients safely. Demonstrate how to check correct positioning and cuff inflation.
- Responsible for upholding the spirit of ACCESS by handling all necessary tasks that require attention

* Willing to learn with a team that is willing to teach!
